- They must also be qualified as Kenya Registered Nurse/Midwife OR Kenya Registered Community Health Nurse OR have a Bachelor of Science degree in Nursing.
- He/she should have at least one (1) year working experience in a busy maternity unit.
- He/she should have basic computer training particularly in Microsoft Office applications and good IT skills.
- The applicant should possess fluent writing and communication skills in both English and Kiswahili.
- Training and experience in research will be an added advantage.

Job description

The successful candidate will be expected to:

- Screen and enroll eligible participants in the study and ensure proper administration of consent procedures.
- He/she will also administer screening and enrollment questionnaire to the participants
- Ensure data is collected accurately and resolve discrepancies
- Participate in training study site team members distributed nationwide
- Prepare weekly monthly and quarterly reports for the study coordinator.

Terms of appointment

This a position whose tenure is one (1) year contract renewable based on performance and on mutual agreement.

NOTES

1. Applicants should email their application letters, certified copies of certificates and curriculum vitae (CV) giving details of their qualifications, experience and three (3) referees indicating their telephone contacts and e-mail contacts.
2. Applications and related documents should be forwarded through applicants' Heads of Departments, where applicable, and be addressed to the Director, Human Resource, University of Nairobi.
3. Applicants should state their current designations, salaries and other benefits attached to those designations.
4. The application letter must bear the reference code indicated in the advertisement.
